REVA

The perfect fit

The practical little helpers in the bathroom: They may not be front and centre, but if they weren't there at all, you would miss them. For perfect functionality and individual bathroom design, it's the small things that ultimately make the difference. REVA means "the one that connects", and as a combination of design and function, it truly lives up to its name.

WASHBASIN

- 1 Lotion dispenser
- 2 Towel holder, 2-arms
- 3 Towel holder, 1-arm

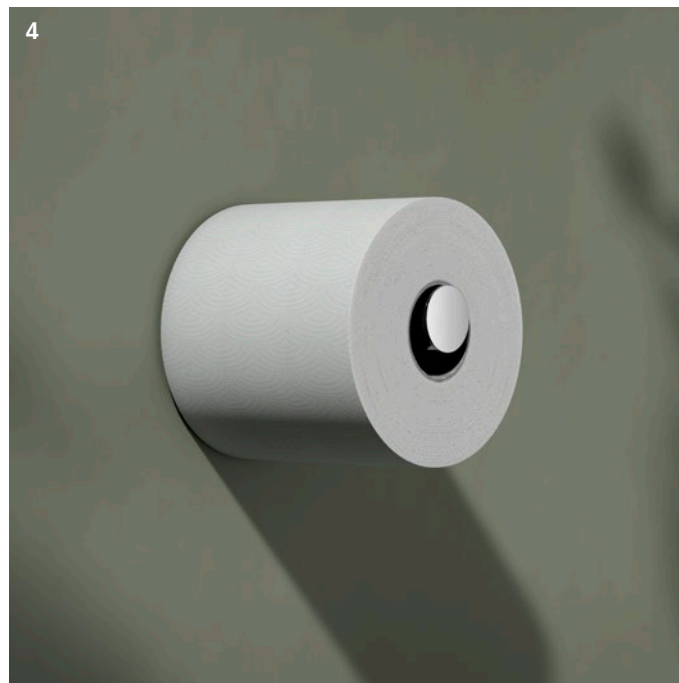

The REVA assortment offers an appealing selection of accessories. Its special hallmark is its perfection in the details.

At the washbasin, this is demonstrated perfectly in the lotion dispenser with practical single-handed operation and aesthetic, white satin cup for easy filling. Because it is operated from below, wet hands do not splash water droplets on the surface of the dispenser. With the towel holders, one and two-arm models are available.

REVA ACCESSORIES

WC

To furnish the WC area, the toilet paper holder is available either with or without shelf. The REVA toilet brush set with white satin bowl also has a functional design: The removable synthetic insert is easy to clean, and the drip basin ensures that the toilet brush is always dry.
